## The Officer's Daily Log

by Captain Andrea Poggi

Having sailed this region at least a number of times, I'm convinced it offers some of the most enjoyable locales you'll find anywhere. Like so many of the places Princess Cruises® visits, Alaska captivates visitors with an unforgettable combination of natural beauty, fascinating culture and colorful history.

Most people travel to the 49th U.S. state for a chance to see towering snow-capped mountain peaks, calving glacial giants and wildlife in their natural habitat. On this cruise, you might be lucky enough to experience it all, with a little help from the incredible shore excursions we offer. We'll be traveling to three of Alaska's frontier ports, all of which offer a wide variety of activities, from historic walking tours to exciting wildlife excursions and flightseeing over icy glaciers.

The best part about this cruise is that no matter what you do, even if you choose to stay onboard, you can enjoy breathtaking scenery in Yakutat Bay and during our second scenic cruising experience at Glacier Bay National Park. I urge you to spend some time out on deck and inhale the crisp, clean air of the untouched Alaskan wilderness. Explore the ports we visit and onboard, relax and enjoy the authentic Alaskan cuisine that's freshly prepared in the dining rooms, just for you. Take full advantage of what the ship has to offer and of this once-in-a-lifetime Alaskan cruise!

As Captain of Island Princess®, I'm honored to be your host and look forward to seeing you tonight dressed to the nines at the Champagne Waterfall Reception in the Atrium.

### From the Navigator

During the morning, Island Princess will sail south across the Gulf of Alaska, entering Yakutat Bay mid-afternoon. Hubbard Glacier will be in view over the bow of the ship and the spectacular Wrangell St. Elias Mountain Range surrounds the bay. For full details on the area's wildlife and natural history see pages 250-255 of your Alaska Cruise Companion.
