The Officer's Daily Log

Meet Cruise Director Mike Witte

Mike Witte is a native New Yorker and a graduate of Syracuse University. He found his calling and passion for travel, entertainment and hospitality management within the cruise industry and has worked for the last 16 years as Cruise Director, exploring all seven continents.

Mike's interests include passionately following his favorite sports teams, attending live sporting events and concerts, and bike riding.

When not on board, he relishes spending time with his two children at home in Florida.

by Cruise Director Mike Witte

I like to think I've got one of the greatest jobs on board Island Princess®. Fun is my personal responsibility. And helping you have more of it is what I do all day.

Make sure you pop out on your balcony or up on deck as we glide through spectacular Glacier Bay National Park with commentary provided by a Glacier Bay National Park Ranger. Take in tidewater glaciers as far as the eye can see, snowcapped mountains and crystal-clear waters where otters, harbor seals and whales are abundant – if you've got a powerful zoom on your camera or a pair of binoculars, now is definitely the time to break them out of your luggage!

I'd also like to call your attention to the activities that make our ship one of the most entertaining spots in Alaska. Throughout our voyage, the Atrium is alive with the excitement of music and other attractions. Cinema fans can thrill to Movies Under the Stars®, including tonight's feature, *Concussion*. If you love the stage, Ventriloquist Michael Minor is appearing in the Princess Theater. Be sure to check the *Patter* or tune into Channel 21 for *The Wake Show* in the morning to get the latest on all our planned activities.

I hope the remainder of your voyage is happy and healthy.

From the Navigator

During the early morning, Island Princess will pass by Cape Spencer (waypoint 14; page 266) and enter the waters of Alaska's Inside Passage. Look out for humpback whales as Island Princess transits Icy Straits towards Glacier Bay. For maps and information on the bay see pages 240-245 of your Alaska Cruise Companion.

Important Notice

During the Glacier Bay visit, no Styrofoam, plastic or paper items susceptible to blowing overboard are to be used on open decks.

Please Do Not Feed the Wildlife

The feeding of wildlife while in Glacier Bay is strictly prohibited as this may cause dependency upon that food source, which, when removed, may upset the delicate balance of nature. In addition, some food items may cause illness or disease, thereby further disrupting the ecological system.

Toilet System/Vacuum System

Island Princess as all modern cruise ships, is equipped with an EVAC toilet system that uses the vacuum pump principle. The system is very reliable, but the pipe work is much smaller than those ashore and is sensitive to foreign objects and large amounts of toilet paper. In order to avoid blockages and subsequent inconvenience to guests, please place any foreign objects in the waste bins and sanitary bags provided.

Princess@Sea

Your FREE, mobile-friendly connection to ship events, information and account details. Login using any smartphone, tablet or computer.

It's FREE & as easy as 1-2-3!

- 1 Turn your device on airplane mode
- 2 Connect to the ship's WiFi (Island-Princess)
- 3 Type in island.princess.com on your browser and enjoy Princess@Sea!

Romantic Quote of the Day

"Love is a promise, love is a souvenir, once given never forgotten, never let it disappear." – John Lennon

A new day, a new horizon.

Enjoy Your Day in Glacier Bay

Glacier Bay Park Rangers will comment on points of interest throughout our stay in this magic wilderness. We encourage everyone to join us on the open decks for the best views and the National Park Service Rangers' informative commentary, (which will commence at approximately 8:00am). These broadcasts can be heard on the open decks, and on Stateroom Television, Channel 42.
